3. Enhanced cleaning of its facilities and introduced sanitizers at all points of entry/exit as well as service points;
4. Resolved to continue to work closely with the Ministry of Health and other Health Service Providers to address any emerging issues or cases;
5. Planned to have a standby trained health service provider to ensure that both staff on the ground and any walk-in customers are assured of required medical attention; and
6. Decided that the Utamaduni Restaurant will remain open to walk-in clients, but will strictly adhere to the directive of "**NO LARGE GATHERING**".
